

**All the benefits of Zummo in a smaller package.**

- Automated juicer for oranges.
- The machine uses a squeezing system that is unique in the world, cutting the fruit in half and squeezing it without the juice coming into contact with the peel, this means the juice does not pick up any of the oil or bitterness in the peel, so what you get is top quality, 100% pure, natural tasting juice.
- All our machines are constructed with a stainless steel body.
- Digital Programmer.
- Counter for monitoring the number of fruits squeezed.
- Large capacity filter.
- Drip tray and grille.
- Waste peel collection bin.
- Quick and easy to clean. It only takes 6/7 minutes to disassemble, clean, dry and reassemble the removable parts.
- Standby system.
- ZIC CONTACT: the machine starts when oranges are placed in the feeder and stops when end (check prices).
